

FEB CENTRAL WOMEN'S MINISTRY

LEADERSHIP TRUTH PERSONAL GROWTH

LIVING AND LEADING WELL

Encouraging, equipping & connecting women in ministry for the purpose of effective leadership and gospel impact within the local church, while positioning women to cultivate a greater personal dependence on God through time spent invested in the Word, in prayer & in belonging to the body.

Connection Calls

Five 1-hour conference calls, connecting 5-6 women in ministry. Designed to develop and enhance personal leadership in a woman's life for effective spiritual influence. Provides encouragement, accountability, leadership development and opportunity for connecting with other women in ministry.

Women's Ministry Consultations

A one-on-one consultation that encourages women in ministry and leadership to maintain an exemplary life, look to the authority of their local church, grasp an effective structure for Women's Ministry (modeled in Acts 2:42) and recognize FEBCentral WM as an effective resource and source of encouragement for Kingdom impact.

Women's Ministries Institute

A 9-month course of study that provides women opportunity to develop their God-given giftedness while encouraging and equipping them to reach their leadership potential.

Leadership. Truth. Personal Growth.

Newsletter connections, Facebook connections, recommended resources, partnership with local events, leadership workshops and access to FEBCentral WM resource library all lend to FEBCentral WM ongoing connectedness. Regional association visits are available to meet pastors, share FEBCentral WM vision and connect with women in ministry and leadership.

Leadership Retreats and Events

Leadership retreats and equipping events along with our annual Pastors' Wives and Women in Ministry Retreat gather women to be renewed and resourced for ministry within the church.

"It is my desire to see women live the life they were created to live, devoted to God's Word, prayer flowing from that while invested in intentional relationships for kingdom impact." Jenn Martin
