Answers to Frequently Asked Questions:

- Support for any designated ministry within FEB Central including **Church Planting General** will be counted towards the 3% contribution amount.
- **Individual Support of FEB Central Church Planters or Apprentices does not count towards the 3% contribution**, but it is strongly encouraged for FEB Central Churches to support them as missionaries. These donations can be funneled through FEB Central until the church plants obtain their own charitable status
- Since there is a \$30,000 cap, churches with **more than one site** are asked to contribute the expected contribution for each site based on the equivalent of each site's budget
- **Exceptions** to the 3% contribution will be extended to churches in financial crisis/transition
- We realize that it takes time for changes to budgets to be approved, but we do request that you **speak to your board** as soon as possible to begin the process
- **Our FEB Central Team is available** to come and speak to your board, to share the vision and answer questions. **Please reach out to us!**
