THE NEXT LEVEL LEADERSHIP NETWORK**

I can't count how many times when, in discussion with other pastors, the statement has been made: "they didn't teach us that in seminary!" NLL proved to be extremely helpful to fill in those critical gaps in my training and also fostered key relationships to help navigate the many situations pastors face but often seem ill-equipped for!

Bluewater Baptist Church, Sarnia*

Pastors today are expected to be preachers like Spurgeon, counsellors like Dr. Phil, and leaders like Winston Churchill. Seminary is a great place to focus on the first two, but leadership is best learned in the trenches. The Next Level Leadership Network will push you to examine your leadership strengths and weaknesses with a small cohort of peers who are learning along with you and are also there to cheer you on.

Trentside Baptist Church,
Fenelon Falls & Bobcaygeon*

Next Level Leadership Network is a great training for everyone no matter how long you've been in the ministry. The topics are very helpful and practical. It will definitely help you in your ministry and in your calling.

Listen to what others are saying about THE NEXT LEVEL LEADERSHIP NETWORK

The Next Level Leadership Network was a tremendous support personally and for our church! The coaching relationship that developed from this group has been exceptional and is significantly propelling our church (elders, staff and congregation) to greater health, faith and impact. It was also a catalyst for several new friendships with other pastors in my area that have been a gift personally, but also very visionary and strategic for our church and staff team. I am very grateful and would highly recommend connecting up with the Leadership Development Team at FEBCentral!

*Allan Self, Lead Pastor
Bethel Strathroy, Strathroy*

I'm someone who has taken many leadership development courses and classes over the years, still I enrolled in this one and brought my younger associate along with me. This leadership network was very practical, especially being with other churches in my association. The items we dealt with related to where many of us were at and we could deal with specific challenges that our ministries faced. It was good to hear and pray for each other as we implemented some changes and work through some of the challenges. I'd highly recommend taking the time to invest in this network.

Fairview Baptist Church, Lindsay*
